WanderWay
Every mile has a story.

Every mile has a story.

A new way to explore, built right here in Pike County.

> *"My wife Jordan has wanted an app like this for years: something that helps us discover the interesting places we keep driving past. That idea finally became WanderWay."*
>
> ***— Derek Boyer, Creator***

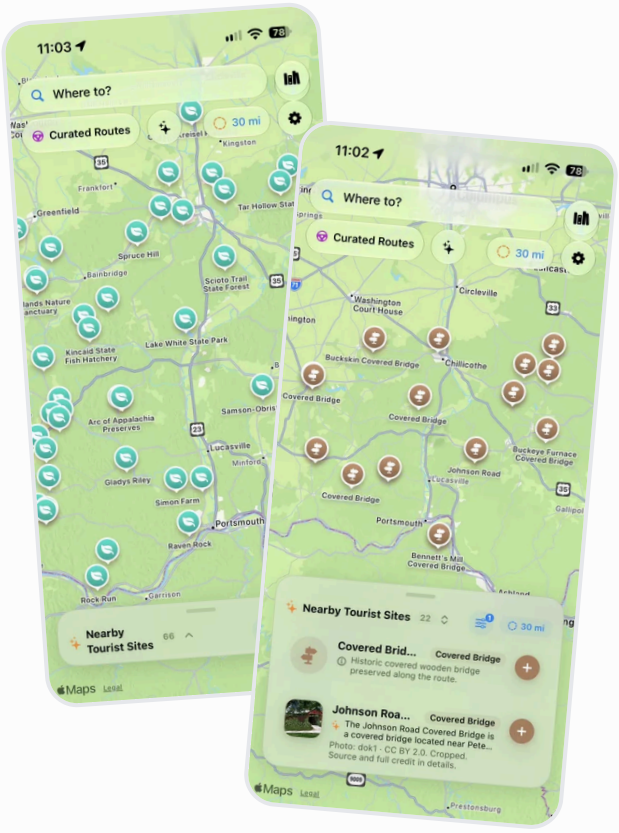

✓ Discover Overlooked Sights

Find historic sites, covered bridges, state parks, museums, and scenic overlooks along your route. Explore Pike County favorites like Lake White State Park, the Piketon Mounds, Waverly Canal Park, Friendly Grove, and Art Hall, as well as lesser-known hidden gems and ruins right in our own backyard.

✓ Complete Trip Planning & Exploration

Set a custom search radius up to 40 miles and filter by 24 unique categories (including prehistoric earthworks). Add stops directly to your route, read deep historical background stories, and view live detour time estimates natively.

✓ Curated Routes

Tell the app how much time you have (from 30 minutes up to 5 hours), and it instantly builds a custom scenic loop that guides you past fascinating roadside discoveries and brings you right back home—perfect for a relaxed Sunday drive.

✓ Native iOS & CarPlay Experience

Built for iPhone and iPad, with spoken turn-by-turn directions and full Apple CarPlay support. It's safe, intuitive, and seamlessly integrated into your car's dashboard so you can keep your eyes on the road.

✓ Privacy First

Free to try, then one simple unlock, with absolutely zero ads, zero subscriptions, and no personal data tracking. Just pure exploration without the digital clutter.
